

Dear Artist,

Middle Ridge Winery Tasting Gallery (MRW) provides the opportunity for artists to connect with art enthusiasts in a unique experiential environment in the mountain arts community of Idyllwild. As a tasting room that features art, we marry the two worlds by emphasizing the importance of masterful design and technique in creating truly unique and exceptional products.

As a gallery, we welcome submissions from artists from all over Southern California. It is highly recommended that you visit the Tasting Gallery before submitting your application to become familiar with our environment, the unique experience your art can contribute, and the support we give to featured artists.

We are devoted to good wine and good art, so we appreciate your interest in being one of our featured artists. Should you have any pending questions about the initial jury process, please contact Tamara Johnston at tamara@middleridge.com.

Cheers,

Melody and Chris Johnston
